- ( Display concerning implementation of review procedure of quarter)  
The review procedure of the quarterly financial statements based on Financial Instruments and Exchange Act is being implemented at the time of disclosure of this report.
- ( Explanation concerning appropriate use of forecasts,Other special note)
1. We submitted a final report that summarized result of checking equipment not appropriately checked, underlying cause and measures for recurrence prevention to the national government about the inspection failure that occurred at the Shimane Nuclear Power Station in June 3, and at the same time we also reported to Shimane Prefecture and City of Matsue.  
Now, we are working on the relapse prevention measures throughout the entire company, while checking equipment exceeded inspection periods and implementing assessment of soundness.  
In light of this situation, at this time we are unable to provide a plan of operation for Shimane Nuclear Power Station Units No. 1 and No. 2\*. Since it is difficult to make a reasonable forecast of cost, operating income, ordinary income, and net income remain undetermined. We will promptly inform you of the forecast when it becomes a situation in which the plan can be foreseen.
- \* Shimane No1. have shutdown from March 31, 2010 for the inspection.
  - \* Shimane No2. have shutdown from March 18, 2010 for the 16th periodic overhaul. (The regular inspection period was extended along with the change order etc. of safety regulations for nuclear facility).
2. We have revised our forecasts of results (Operating Revenues) for 6-months period ending September 30, 2010 and the year ending March 31, 2011 in both Consolidated Results and Non-Consolidated Results.  
All non-empirical information above is projected based on facts available to company management at the time of the release of this document. Economic and other factors may cause actual performance to differ from projections.
