

## Energia Group Corporate Vision

In January 2016, we announced the "Energia Group Corporate Vision", which describes our management policies for the future looking towards the 2020s.

We are steadily promoting efforts to achieve the Corporate Vision, and are aiming to be a "corporate group that people choose in the region and that grows beyond the region".

### Corporate Group Image We Aim for as We Look at the 2020s

**A corporate group that people choose in the region  
and that grows beyond the region**

- We will provide services with the highest customer satisfaction.
- We will achieve power source competitiveness on the top level in Japan.
- We will deliver an inexpensive, high-quality power transmission and distribution network service.
- We will establish a revenue base in other regions of Japan and overseas.
- We will contribute to solving issues and expanding our community through our business activities.

### Profit / Financial Targets

- We will stably ensure profit levels above our pre-earthquake levels (consolidated ordinary income of 60 billion yen or more per year).
- As the financial base needed for a healthy business, first, we will ensure pre-earthquake levels (approx. 25% consolidated equity ratio).

\* We will aim to achieve this as early as possible in the 2020s.
